Global Surgery and Medical Education Initiatives- By encouraging informed career planning, academic excellence, and professional preparedness, the event supports broader international efforts aimed at strengthening the future healthcare workforce. National Initiatives- 1. Ministry of Health and Family Welfare – Ayushman Bharat Vision By motivating students toward academic excellence and informed career development, the event contributed toward the broader vision of strengthening India's healthcare system through development of competent healthcare professionals.

12	Brief Report of the Event An interactive academic session was conducted with Dr. Rohan Khandelwal, renowned surgeon and medical educator, with the objective of guiding medical students regarding academics, career development, and professional growth in the field of medicine. The session provided participants with the opportunity to engage directly with the speaker and clarify doubts regarding various career pathways post MBBS, postgraduate preparation, study techniques, clinical learning approaches, research opportunities, and balancing academics with extracurricular activities. The discussion was highly insightful and interactive, enabling students to gain practical advice and mentorship from an experienced clinician and educator. The event encouraged academic motivation, self-directed learning, and informed career planning among students while fostering an environment of open discussion and mentorship.The session was attended by a total of 200 undergraduate MBBS students from the 2023, 2024 and 2025 batches of Yenepoya Medical College.
13	Outcome of the event
	Gain in knowledge/skills acquired- 1. Better understanding of career pathways in medicine and surgery. 2. Guidance regarding postgraduate preparation, research opportunities, and academic planning. 3. Improvement in study techniques, time management, and effective learning strategies. 4. Increased awareness regarding professional development and clinical growth. 5. Enhancement of communication, interaction, and mentorship-based learning. 6. Encouragement toward self-directed learning, critical thinking, and long-term career planning. 7. Increased motivation and confidence regarding future academic and professional goals.
